Ayer's Hair Vigor,

For restoring to Gray Hair its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. *It soon restores faded or gray hair to its original color, with the gloss and freshness of youth.* Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed, but such as remain can be saved by this application, and stimulated into activity, so that a new growth of hair is produced. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. The restoration of vitality it gives to the scalp arrests and prevents the formation of dandruff, which is often so uncleanly and offensive. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a HAIR DRESSING, nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich, glossy lustre, and a grateful perfume.

NEW SPRING STYLES

CATCHING CANNON BALLS ON THE FLY.

The correspondent of the New York *Times* says. A very singular exhibition was given yesterday at the Jardin Mabille. There has been performing here at the Folies Bergeres a man named Holtum, an American, who has a cannon fired at him and catches the ball in his hands. This prodigious feat was witnessed nightly, and although the actors present avowed that there was no trick, Pierre Veron, of the Mondre Illustre, would not believe it. He said the cannon ball must be thrown to Holtum from the stage. The latter made a bet of five thousand francs that he would perform the feat under conditions which left no room for doubt, and, when the bet was taken, Veron designated Mabille as the place for trial. All the journalists of Paris were invited, and they found Holtum there before his cannon. It was examined with minute care, and the heavy balls were passed from hand to hand.

"I am no longer in my own house," said Holtum, "you are master here, and you must watch over all the arrangements."

Having carefully aimed and lashed his cannon, it was charged, and Holtum took his place against a plank target some ten yards away. This was to show that the ball was solid, and the force of the powder sufficient to send it through the plank. Holtum got the aim of his gun, and then placed his head in a certain position against the plank, giving the command to fire The ball just grazed the hair and broke through the plank, rolling some twenty yards farther on. The same ball was picked up by the journalists, who again charged the cannon and sent home the ball, and Holtum caught the ball in his hands as neatly as he does nightly upon the stage. He won his bet, and no one seemed disposed to accept his offer of three thousand francs to any one who would perform the astonishing feat.

The physical force required must be enormous, but Holtum showed his strength by tossing up cannon balls as if they were so many oranges The only precautions taken are very simple; he wears very thick leather gloves, and covers his breast with many thicknesses of paper to form a sort of cuirass This looks to me like a very dangerous feat, and particularly the first part of it, where Holtum places his head against the target half an inch below where the ball will probably strike. If the powder should chance to be defective some day there might be an accident. It is like the foolhardy trick of putting one's head in a lion's mouth. One day I fancy that ball will snap his head very neatly off

DECATUR, ILLINOIS:
Tuesday, Evening May 11.

Col. D. R. Anthony, who was shot at Leavenworth last night, is a brother of Miss Susan B. Anthony. He has been prominent in Kansas politics for a number of years.

Revenue Frauds.—It seems that the officers of the internal revenue department are just now making an organized raid upon illicit distillers of sod corn. By reference to our news columns it will be seen that several large distilleries were seized yesterday in Cincinnati, St. Louis and Chicago. The fact that these seizures were simultaneous would appear to indicate that the department is in possession of proof that the frauds have been general and systematic.

The Carlinville *Democrat* (Independent) noticing the statement of some Carlinville correspondent that ex-Gov. Palmer is to be the Democratic candidate for Governor in 1876, and that the *Democrat* will support him, says;

"The end of the world is far more likely to come next week than this paper is to support any Democratic candidate for Governor next year"

Amos Green, formerly a bright and shining light in the Democracy of Illinois, well remembered on account of his connection with the "Knights of the Golden Circle," in the early history of the late war, has just retired from the editorship of the *Times*, the leading Democratic paper of Kansas City, with which he has been connected for some time past.

Of the seven candidates recently put in nomination for State offices, by the Democracy of Kentucky, at least the four leading ones and probably more were in the rebel service. These include the candidate for Governor, McCreary; Underwood, for Lieutenant Governor; Moss, for Attorney General, and Smith for Auditor. The rebel Democratic organ at Louisville dwells with enthusiasm upon their services in the rebel army, and vouches for their unfailing Democracy. Of the three remaining candidates, only one—and he at the tail of the ticket—the Candidate for Register of the Land Office is reported to have been connected with the Union Army, and the fact is mentioned in a sort of apologetic way as if it were something to be ashamed of

ALLIGATOR LEATHER.

The manufacture of alligator leather has now become an important branch of industry. The skins come chiefly from Florida and Louisiana, and the hunting and skinning of the animals for their hides is extensively pursued. About 20,000 skins are tanned every year. They are manufactured in various parts of the United States and a number are exported to England and France. The French, owing to their superior method of tanning, are formidable competitors in this trade. So far, the leather has been principally used in the manufacture of boots and shoes, for which it is especially adapted, and, by reason of the pleasing variegation of its surface, makes a most excellent and becoming protection for the masculine, and, indeed, the feminine foot, for it is beginning to be employed in the manufacture of ladies' boots. Handsome slippers are also made, both of the black and unblacked skin, as well as shopping bags, portemonnaies, cigar cases, and small leather goods of all kinds.

PERSONAL MENTION.

Jesse Lockhart's broad and smiling phiz is visible on the streets to-day.

R. W. Sterrett, Esq., is visiting his parents in this city. Mr. S. is engaged in the practice of law in Philadelphia.

Messrs. Curtis & Righter are making some improvements at their jewelry store. They intend to move their stock of clocks to the rear of their establishment, and put up a large show-case for their silverware in the front.

Among the guests registered at the St. Nicholas Hotel yesterday are the following: J K Williams, St Louis; C B Smith, Champaign; Theodore W Deal, Maroa; J C Smelz, do; H Crea, city; J W Phillipps, Macon, Eli Ulery, Mount Zion; H Leyman, Buffalo; F W Mallchett, Baltimore, Byron G Mainey, Lafayette, Fred E Foster, Chicago; W J Lindlay, do, A J Dix, Sullivan; W W Gibson, Chicago; F P Hardy, Lovington, Guy A Lewis, Mt Zion; George P Peck, Rochester, N Y; J F Younger, Pittsburg, Charles Tobias, Cincinnati, Lyman Marshall, Lebanon, Ill

New York, May 10.—There were but few visitors at the offices of the Eagle line of steamships this morning. About a dozen friends of lost passengers were present, but soon left on hearing the following cable dispatch read, which was received from Plymouth,dated May 10, addressed to Consul Kuhn, New York: "Only fifteen passengers saved from the Schiller, the names of which were telegraphed you yesterday. We are doing everything to recover and identify the bodies.

MILITARY PREPARATIONS FOR THE SEVENTEENTH OF JUNE.

From the Boston Globe.

As the entire division of the State militia are to join in the grand parade at Bunker Hill on the 17th of June, most extensive preparations are being made for the event. Every regiment has been uniformed. The order of things, as at present established, contemplates a grand "meeting of the clans" on Boston common at 9 o'clock in the morning, with a review by the Governor of the Commonwealth. Several outside organizations are to be present, including the Seventh New York, Fifth Maryland, Second Connecticut, and also organizations from all the New England States. Grafulla's band, enlarged to one hundred, accompanies the Second. Already drills are frequent in the local militia. The Second regiment, which is located in the western part of the State, will probably come down the night before and be quartered at the Arsenal at Cambridge, and march in from there on the morning of the 17th. Major General Butler will be in command of the militia at the Centennial at Bunker Hill. Quarters have been secured for the 7th New York, by their committee, at the Revere, Tremont, American and United States Hotels.

As a natural consequence of the obstinate refusal of Louisiana conservatives to follow a certain General's kind advice, to 'raise less hell and more cotton," the city of New Orleans defaulted about a week ago on the interest on its bonds The Louisiana Levee Company was also unable to pay its interest.—Thus, although the State, under Kellogg's management, is reducing its debt and its taxes, the desperate political gamblers have brought disgrace upon its chief city, and exposed the river plantations to greater danger than ever, if, as we apprehend, the default of the levee company may affect its ability to complete the works needed for protection It seems marvellous that men who own property or do business can become so crazed by partisan feeling as to permit their financial and industrial interests to be thus trifled with by a set of schemers who have shown only too clearly that, if only they can get some share of office or plunder, they care nothing for the people or their welfare.—*St. Louis Democrat.*

Washington, May 10.—During the past week the condition of winter wheat in 330 counties have been reported to the Department of Agriculture. About 300 counties of the valleys of Ohio and Missouri are reported, which last year produced 70,000,000 bushels of winter wheat, or sixty per cent. of product. Seven States from Ohio to Kansas, the average condition in these States is 63 per cent., indicating five eighths of a full crop if no improvement occurs. In Kentucky, 75 per cent, Ohio, 77, Michigan, 63; Indiana, 66; Illinois, 63; Missouri, 59; Kansas, 87, though only thirty-two counties in the latter State are represented. The condition is better in Pennsylvania, Maryland and Virginia, though below an average. A few wheat counties in New York make an unfavorable return. The proportion to be replanted in other crops average 14 per cent. in the west, or 1,s 260,000 acres in a breadth of 9,000,000 acres seeded. The largest proportion is 27 per cent., in Missouri and Illinois, 23; Kansas and Indiana, 11; Michigan and Ohio, 10; Kentucky, 4. Very little re planting in the middle States, except in New York.

Columbus, O., May 10.—This evening a colored man named Wyatt, who was recently released from the lunatic asylum, and since his release has been living with his aunt, while at supper, a slight difficulty arose between them, when the woman ran into the street, followed by Wyatt, who shot at her and then drew a razor and cut terrible gashes across her head and stomach, causing her intestines to fall out upon the ground. He then shot himself dead. It is hardly possible for the woman to recover.

Salt Lake, May 10.—In the case of Ann Eliza vs. Brigham Young, application of plaintiff for writ of attachment to compel payment of $500 per month alimony, awarded by Chief Justice McKean, the decision rendered today by Chief Justice Lowe was that alimony could not be awarded unless a valid marriage was either first admitted by the parties or proved by the defendant, who had alleged in his answer that the marriage was a bigamous one, and the allegation not being denied, must be taken as true. As the case now stands, it is not possible, in the judgment of the court, to enforce payment of alimony.

Kansas City, May 10.—About noon to-day a Mr. Hale and son had an altercation with Dr. Campbell and his brother, in a hall in which was situated the rooms of all the parties.—There had been some bad blood between them. Hale had forbidden Campbell the use of the hall in his part of the building. The Campbell brothers passed out of the hall door, when Hale and son came into the hall and fastened the door They were immediately attacked by Dr Campbell and another brother. A desperate fight was the result, and one of the Campbells stabbed Hale five times, and also cut his son badly Hale's wounds are serious, and most likely fatal.

Leavenworth, Kan, May 10—About 10 o'clock this evening Col D. R Anthony editor of *Times*, and Wm. Embry, of the *Appeal*, were at the opera house, when a difficulty arose between them which resulted in Embry shooting Anthony twice. It is supposed that it will prove fatal

THE USUAL CHAPTER OF CRIME.

New York, May 10.—In the Beecher trial, this morning, the first witness called by plaintiff's counsel was Geo A. Bell. He testified that he remembered having an interview with Beecher in December, 1870. about Tilton's domestic difficulties to Beecher's house ICATIONS furnish- request, Beecher states of Chicago per- he had been sent for by PATTERSON, consult in regard to the fairs of her household, and the person, at her mother's house, and had Her st., husband.

Beecher said Tilton's conduct with regard to licentiousness was very low that a young girl in Tilton's house had told him of Tilton's conduct to her, he proposed to hand the matter over to Mrs. Beecher, who would see Mrs. Tilton next day; the question came up about a permanent separation; Beecher asked witness' opinion; witness thought nothing else could be done, had an interview with Beecher the next day, have a letter at home calling for the interview.

Lewis J. James testified—Saw Beecher at 9 a. m., 2nd of June, 1873, in a buggy on Wall street ferry, coming from the direction of Columbia Heights going toward Remson street; saw him turn into Remson street.

Jeremiah P. Robinson recalled, and testified that Mrs. Moulton was his neice. Witness was asked if he remembered a conversation in June, 18 with her, when she related the interview with Beecher. Question was objected to, and a long argument followed. Mr. Pryor closed the argument, saying that he was unwell, and left the court room. Evarts replied to the argument until the hour for recess.

After recess Fullerton read the letter Bell alluded to in his testimony. The letter was dated December 15, 1870, asking Bell to go to No. 124, as the writer wanted to see him on important business. The letter was signed, "H. W. B." Evarts then continued his argument in regard to the offer of proof by the other side as to what Mrs. Moulton had told Jeremiah P. Robinson of the interview she had with Mr. Beecher June 25th, 1873.

Fullerton responded to Evarts, and a long argument ensued. Judge Neilson finally decided that the evidence could not be admitted.

Mr. Beach excepted to the ruling of the court, and said he offered the testimony of Mrs. Eddy in the same relation as Robinson.

Mr. Evarts said counsel on the other side couldn't prove anything said by Mrs. Moulton before this trial.

Mrs. Sarah Eddy was then called to the stand and testified. met him on the steps of the house at Mr. Moulton's early on the morning of June 2, 1872; witness was then going into the house; Beecher was coming down, Beecher didn't salute witness; Mrs. Moulton opened the door for witness without her ringing the bell.

Cross-examined by Evarts; Witness thought she called at Moulton's house that day at 11 o'clock.

Mrs. Emma R. Moulton was then recalled and testified: Am acquainted with Mrs. Eddy; she called on me on the day of Beecher's interview with me; Beecher was leaving the house as she called.

Fullerton said this was all he had to ask witness about Mrs. Eddy,but would have to call her for a future point of proceedings.

Frederick W. Mitchell,who had been book keeper for Woodhull & Claflin in 1871, succeeded Mrs. Moulton on the stand. He testified: I know the colored boy Woodley, don't think he had any education; never knew of him making selections from exchanges, have seen Tilton there two or three times.

Mary M O'Donald, servant in Tilton's house for many years, testified that she was at Tilton's when Mrs. Tilton went to Monticello.

Court adjourned.

Washington, May 10,—The officers of the internal revenue department have been especially instructed by the Secretary, with a view to the destruction of the wholesale fraud upon the government in connection with the manufacture and sale of whisky. They have been successful in discovering evidences of, and means for preventing, a great amount of fraud. They have discovered a well organized plan which has successfully existed for some time in the perpetration of frauds upon revenue, with the principal headquarters at Chicago, St. Louis and Milwaukee. Several internal revenue gaugers and storekeepers have been discharged in districts where frauds have been perpetrated. It is thought they have been bought. It is intimated that several officers holding positions will be discharged because of gross neglect in the performance of their official duties, which would have saved the government great loss by preventing the frauds. Steps will be taken to punish all other parties engaged in the business. There are intimations from official quarters that several changes will be made of internal revenue collectors in western districts, and that two Supervisors will be appointed to fill the places of parties now holding such offices, who will either be requested to resign or summarily dismissed.

Cincinnati, May 10.—A party of officers, under charge of Supervisor Hendricks and Capt. Brooks, to-day day entered upon the work of seizing distilleries, in connection with the col- [illegible] district. The rectifying

this hour is decidedly pacific.

Other London journals likewise comment on the meeting, but the thought of war is generally discredited.

It is reported from Paris that the French Government positively contradicts the assertion that Germany has recently made representations of a hostile tendency.

The same dispatch contains a statement, believed to be semi-official, that no cause of conflict exists between Germany and France, and that advices from all the capitals of Europe are of the same tenor, that pacific ideas are everywhere in the ascendant.

Washington, May 10.—Miss Caroline M. Crane, of this city, one of those lost by the Schiller disaster, was a neice of the wife of Senator Edmunds, of Vermont, with whom she passed the winter in this city. She was a highly accomplished young lady, and was on her way to Europe to spend two years with the family of Minister Marsh, and study art in Italy.

Memphis, May 10.—This morning Vice President Wilson visited several of the colored schools, among which were the Presbyterian Institute and St. Agnes' Academy. A number of prominent citizens, with a large delegation of colored citizens, called on him at his hotel. Addresses were made in recognition of his labors in behalf of their race.

THE RUSH TO KANSAS AND COLORADO.

The indications are that the rush to Kansas and Colorado will be greater than ever in 1874. The shortest way to reach the Far West is through St. Louis, the great Mississippi-Valley City, of over 450,000 inhabitants, and thence west over the St. Louis, Kansas City and Northern Short Line, which reaches all the great land grants in the West, and runs six fast Express trains, two more than any other road between the Mississippi and Missouri Rivers. This road, in the last two years, has expended over two million dollars, besides earnings, in extraordinary improvement of roadway, in relaying its line with best quality of new steel and iron rails, on broad, new ties, and in passenger equipment, having substituted for ordinary cars new reclining chair coaches, with every appliance for comfort and safety, being elegantly carpeted and fitted with dressing rooms, with toilet conveniences for ladies, gentlemen and families traveling with children, *free of any extra charge.* Any ticket agent selling through tickets to the West will furnish tickets by this excellent route through St. Louis, over the St. Louis, Kansas City and Northern Short Line, the best and shortest to Kansas, Colorado, Nebraska, California and the Great West, it being the only line running through cars between St. Louis and Omaha. For map, circulars and time tables address either F. A. Palmer, Indianapolis, Ind.; or P. B. Groat, St. Louis, Mo., either of whom will furnish any information desired. [jan 8wtf

"The girls of Franklin got up an oyster supper recently, excluding the boys from the circle entirely," or words to that effect, and then wants to know "Can't you beat that, boys?"

To which one of the "boys" responds: "Of course we can't. It's too much like biting off one's nose to spite one's face to have an oyster supper without girls. The idea!"

..Occasionally emigrant wagons filled with migratory people pass through here for Kansas, not the least bit alarmed with the stories which come from that State of the re-appearance of the grasshoppers. This morning a wagon filled with hungry Hoosiers came in, and after resting and refreshing themselves half a day they recommenced their journey, hoping to reach Kansas in time to do some farming this year.

..We call attention to the notice of a lecture by Hon. George R. Wendling, which is to be given under the auspices of the Daughters of Rebekah on the evening of the 17th instant. This subject, "The Stone Ezel," is an interesting one to all persons interested in secret societies, and the speaker is well known as a fine orator.

Superior Steel Pens, at I. J. Davis & Co.'s.

New Business Houses.—Ground was broken yesterday for the erection of two new brick buildings, 45 by 80 feet, on the "levee," near the depot. The cellar is now almost dug, and the work of brick laying will be commenced in a few days. Simpson & Miller have this work in hand, and will push it rapidly forward to completion. The two rooms on the first floor will be used as storerooms, while the upper story will be one large hall.

Mr. Carroll expects to have the buildings ready for occupation on or about the 1st of July. They will cost him about $5,000.

Just Received, at the book store of J. S. Hand & Co., post office block, a lot of the finest steel engravings ever brought to this city. Call and see them.

Every Seven Years, physiologists say, the human body is entirely changed and renewed. Every moment of our lives, every part of our bodies is wearing out and being built up anew of fresh matter. This work is accomplished by the blood which goes through every part.—But if the blood becomes weak or vitiated, and does not perform its work properly, the system is actually poisoned by the worn out matter clogging the vital organs instead of leaving the body. For dyspepsia, biliousness, kidney, skin and liver troubles, fevers, and all diseases arising from vitiated blood, DR WALKER'S CALIFORNIA VINEGAR BITTERS are a sovereign remedy. [23-d&w1m

Last Sunday.—On last Sunday morning preachers had it all their own way. In the country no congregations assembled, on account of the severity of the storm, and but few of the preachers went to their appointments. In the city the congregations were very small, and those preachers who had subjects prepared for a pleasant day and full houses, probably reserved them for future use, and picked up something that would answer for the few dozens in attendance. We remember to have heard one preacher say that the faithful few who breasted wind and storm to get to church, were entitled to the best the preacher could give them, and that he should act upon that principle; therefore, those of his congregation who came to hear him on stormy days might rest assured that they should not be turned off with subjects of minor importance treated in an indifferent manner.

Continued.—John Shields, who was brought to this city before Justice Hughes yesterday, on charge of stealing several hundred rails of V. Halsted, could not be tried on account of the absence of witnesses on both sides. The case was therefore continued until next Monday, and Shields gave a bond of $200 for his apperance on that day. He has employed W. T. Cussins, Esq., and is preparing to make a desperate defense on the day of his trial. Thomas Lee, the attorney for the prosecution. Both sides have ample time to get all the witnesses they need, and a lively trial.

Released.—Albert McGoodman, the young thief who stole a bridle belonging to Harry Ehrman, and was sent to jail, was released last evening. He is now in his father's tender care, and will not get an opportunity to steal again as long as the old man's watchful eye is over him.

POLICE NEWS.

Jacob Ettinger became enraged yesterday in the east part of the city, and by his loud growling about the neighborhood annoyed the quiet people of the fifth ward. A police officer put an end to Ettinger's disturbance by bringing him up before Justice Albert, where he was fined $3 and trimmings for his disorderly conduct.

Geo. Hiper knocked down a man named Ryan near Bas. Scott's saloon, on the levee yesterday afternoon, because of some abusive epithets Ryan was using. Hiper plead guilty to the charge of assault, but thought that under the circumstances it was excusable. He related the conversation which resulted in his knocking Ryan down, and thought that his opponent should be fined as well as himself. After hearing his story the Justice agreed with the prisoner that the circumstances were aggravating, but said that he was guilty of an assault nevertheless. A fine of $3 and costs was assessed.

Fined for Contempt of Court.—This morning an attachment was issued for Jacob Lichtenberger and William Fry, and they were brought into court and fined, which, with costs, amounted, in the case of Lichtenberger, to eight dollars, and in the case of Fry to five dollars. Their contempt consisted in failing to appear as witnesses on yesterday in the case of The People vs. Charles Wielel.

Change of Venue Asked.—This morning, in the circuit court, Messrs. Bunn and Nelson, attorneys for James and Trusten Adams, who are charged with the murder of John Staupp, applied for a change of venue in behalf of their clients, the affidavit setting forth that said defendants believe that they cannot have a fair and impartial trial in this circuit on the ground of prejudice against them on the part of the Judge. The court reserved its decision.

CHICAGO EXCURSION!

Round Trip, $4.00—Arrangements Complete.

A committe from Stapp's Chapel visited Chicago and succeeded beyond expectation in making every arrangement desired for the comfort and convenience of excursionists from Decatur and surrounding towns, to Chicago, Thursday and Friday, May 20th and 21st, to be run by Stapp's Chapel M. E. Church.

The route will be from Decatur to Atlanta via the Illinois Midland Railway, and from Atlanta to Chicago, via the Chicago & Alton Railroad.

Among important arrangements made were contracts with *the most splendid hotels in America* and other first-class houses for the entertainment of guests, at reduced prices, as follows:

Palmer House, per day, $3.00.
Grand Pacific Hotel, per day, $3.00.
Clifton House, per day, $2.50.

The "Palmer" and "Grand Pacific" are acknowledged the most splendid hotels on the continent. It is worth the price charged to look through them.

Contracts were made also for a sail on Lake Michigan, from Chicago to Evanston, and return by the "Crib," at only 50 cents additional cost.

The entire cost to Chicago and return, from Decatur, will be ONLY $4.00—or $4.50 including lake ride; or $7.00 including lake ride and hotel accommodations for 24 hours. When we consider that the regular fare to Chicago and return is $13.00, the prices are astonishingly low, and everybody should improve them.

Passengers will be taken at Forsythe, Maroa, Kinney, Dunham, Waynesville, Atlanta and McLean, at proportionately reduced rates.

The train will leave here at 7:10 A. M., May 20th, and returning arrive here about 11 P. M, May 21st.

Time-table and rates of fare for other stations will be found in posters.

The Decatur Brass Band will accompany the excursion, and furnish music for the occasion.

Tickets for sale at the following places: J. S. Hand & Co.'s book store; J. L. Knieper's Jewelry Store; Snyder & Gue's drug store, and W. C. Armstrong's drug store. daw

LET THE PEOPLE SPEAK.

MANHATTAN, KAN.

R. V. PIERCE, Buffalo, N. Y.:

Dear Sir—Your Favorite Prescription has done my wife a world of good. She has taken nearly two bottles and has felt better the past two weeks than at any time in the past two years. No more periodical pains; none of that aching back or dragging sensation in her stomach she has been accustomed to for several years. I have so much confidence in it that I would be perfectly willing to warrant to certain customers of ours who would be glad to get hold of relief at any expense. I have tried many Patent Medicines, but never had any occasion to extol one before.

Very truly yours,

Harper's Magazine ILLUSTRATED.

Notices of the Press:

The ever-increasing circulation of this excellent monthly proves its continued adaptation to popular desires and needs.—Indeed, when we think into how many homes it penetrates every month, we must consider it as one of the educators as well as entertainers of the public mind, for its vast popularity has been won by no appeal to stupid prejudice or depraved tastes.—*Boston Globe.*

The character which this *Magazine* possesses for variety, enterprise, artistic wealth and literary culture that has kept pace with, if it has not led the times, should cause its conductors to regard it with justifiable complacency. It also entitles them to a great claim upon the public gratitude. The *Magazine* has done good and not evil all the days of its life.—*Brooklyn Eagle.*

Ayer's Cherry Pectoral,

For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping-Cough, Bronchitis, Asthma, and Consumption.

Among the great discoveries of modern science, few are of more real value to mankind than this effectual remedy for all diseases of the Throat and Lungs. A vast trial of its virtues, throughout this and other countries, has shown that it does surely and effectually control them. The testimony of our best citizens, of all classes, establishes the fact, that CHERRY PECTORAL will and does relieve and cure the afflicting disorders of the Throat and Lungs beyond any other medicine. The most dangerous affections of the Pulmonary Organs yield to its power; and cases of **Consumption,** cured by this preparation, are publicly known, so remarkable as hardly to be believed, were they not proven beyond dispute. As a remedy, it is adequate, on which the public may rely for full protection. By curing **Coughs,** the forerunners of more serious disease, it saves unnumbered lives, and an amount of suffering not to be computed. It challenges trial, and convinces the most sceptical. Every family should keep it on hand as a protection against the early and unperceived attack of Pulmonary Affections, which are easily met at first, but which become incurable, and too often fatal, if neglected. Tender lungs need this defence; and it is unwise to be without it. As a safeguard to children, amid the distressing diseases which beset the Throat and Chest of childhood, CHERRY PECTORAL is invaluable; for, by its timely use, multitudes are rescued from premature graves, and saved to the love and affection centred on them. It acts speedily and surely against ordinary colds, securing sound and health-restoring sleep. No one will suffer troublesome **Influenza** and painful **Bronchitis,** when they know how easily they can be cured.

Originally the product of long, laborious, and successful chemical investigation, no cost or toil is spared in making every bottle in the utmost possible perfection. It may be confidently relied upon as possessing all the virtues it has ever exhibited, and capable of producing cures as memorable as the greatest it has ever effected.
